Internal Document — For Team Review

Executive Summary

Growth Day is evolving from a single annual event into a year-long ecosystem of intentional growth — without losing the fire of the day itself. This proposal lays out the new vision, mission, and event blueprint for team review and alignment.

What's changing

- Growth Day is now positioned as a doorway, not a destination — it launches a 6-Week Growth Cohort each time it runs.
- Three Growth Days per year (instead of one), each followed by a structured 6-week journey.
- A new Daily Fire audio, Growth Journal, AI Growth Coach, bi-weekly seminars, and accountability triads will support participants between events.
- A dedicated Spiritual Growth Track will be available for those who want to make spiritual development one of their two intentional growth areas.
- The event itself becomes more intentionally produced — celebration, confrontation, and activation deliberately woven into every block.

What's not changing

- Our heart, our voice, and our convictions: growth is intentional, capacity precedes blessing, 1% a day, inner before outer.
- Our roots in FIRE Church and Denis Ekobena's EQUIP2LEAD platform.
- Our welcoming posture — purpose-driven, faith-informed, inclusive.
- Our Own Your Growth Mastermind track for the deepest leaders.

This document contains two parts:

- **Part 1 —** The Foundation: Vision, Mission, Audience, Convictions, Posture, and the Growth Day Ecosystem.
- **Part 2 —** The Event Blueprint: a generic, repeatable run-of-show for every Growth Day, including arrival experience, schedule, sessions, activations, energy moments, and the all-important enrollment moment.

Steps 3 onward (the 6-Week Cohort curriculum, Daily Fire audio plan, AI Growth Coach setup, application & onboarding flow) will be developed in follow-up proposals.

PART 1

The Foundation

Vision · Mission · Who It's For · Core Convictions · Ecosystem

1. About Growth Day

Growth Day is a high-impact, full-day locally hosted leadership experience powered by FIRE Church and Denis Ekobena's global leadership platform, EQUIP2LEAD.

It is a catalytic one-day experience — and the doorway into a guided journey of intentional personal, spiritual, and leadership growth.

It is built on a simple conviction:

> *The question is not whether you have potential. The question is how much of it you are maximizing — daily.*

Most people don't fail for lack of talent. They fail for lack of intentionality, capacity, and consistency. Growth Day exists to break that pattern. In one high-impact day, attendees are confronted, equipped, and activated — not just inspired. And from that day, they are invited into a 6-Week Growth Journey, daily coaching, live seminars, and a community of growers who refuse to stay the same.

> *"Growth is not an event — it's a process. Growth is evidence of life."*

Growth Day is where the process begins.

2. Who Is This For?

Growth Day is for anyone who is done with stagnation and ready to advance forward — spiritually, mentally, professionally, and relationally.

Specifically, it's built for:

- **Believers** who want to move from potential to performance and live out the fullness God placed in them.
- **Leaders and emerging leaders** who want to multiply their influence rather than just expand their workload.
- **Professionals and entrepreneurs** seeking clarity, confidence, and consistency in their craft.
- **Pastors, ministry leaders, and team leaders** who need to grow themselves so they can grow others.
- **Students and young adults** preparing for the future they sense is ahead of them.
- **Anyone tired of "average mode"** — anyone who senses there is more, but doesn't yet have the system to access it.

> *"If you influence people — at work, at home, in your community — you are a leader. This is for you."*

You don't need a leadership title. You just need to be ready to grow.

3. Our Vision

> *To raise a generation of people who are bigger on the inside than on the outside — men and women of deep character, expanded capacity, and intentional growth, who influence their world with excellence and multiply that growth in others.*

A generation that doesn't drift.

A generation that grows on purpose.

4. Our Mission

To help people discover, develop, and deploy their God-given potential through:

1. Catalytic experiences that ignite growth (Growth Day events, three times a year).
2. Structured journeys that sustain it (the 6-Week Growth Cohort).
3. Daily rhythms that compound it (Daily Audio, the 1% Practice, AI Growth Coach).
4. Transformational community that protects it (live bi-weekly seminars, accountability triads).
5. Practical tools and timeless principles that anchor growth in truth, not trends.

We exist so that no one in our reach grows by accident.

5. Our Core Convictions

These are the non-negotiables that shape every Growth Day program:

- **Growth is intentional, never accidental.** Calendars guarantee you will get older. Only growth guarantees you will get better.
- **Capacity precedes blessing.** What you can carry determines what you can be entrusted with.
- **1% a day, every day.** Small, consistent steps compound into transformed lives.
- **Growth must be measured.** What is not tracked is not grown.
- **Growth is C.L.E.A.R.** — Communication, Leadership, Equipping, Attitude, Relationships.
- **Inner growth before outer impact.** True growth is not what people applaud, but what is built in silence.
- **Growth multiplies in community.** You cannot grow alone. You grow further, faster, and deeper with others.
- **Growth is also a spiritual journey.** For those who choose it, growth becomes a partnership with God — not just a project of the self.

6. Our Posture

Purpose-Driven · Faith-Informed · Inclusive

Growth Day is hosted by FIRE Church and led by faith-driven leaders. Our convictions are clear, and we don't hide them. At the same time, we welcome everyone.

The teachings, frameworks, and tools work for anyone who wants to grow — believer or not. Whether someone comes in for the leadership, the mindset, the discipline, or the spiritual depth, they will find tools that meet them where they are.

For those who want to go deeper into the spiritual dimension of growth, we offer a dedicated Spiritual Growth Track — a fully integrated path for participants who want to make spiritual development one of their two intentional growth areas during the 6-Week Journey.

> *You are welcome here. You will be respected here. And you will be challenged to grow — wherever you are starting from.*

7. The Growth Day Ecosystem

Growth Day is not just one day. It's an ecosystem of growth designed at three altitudes — Event, Journey, and Daily Rhythm — so that growth is no longer something you attend, but something you live.

Altitude 1 — The Event: Growth Day

Frequency: 3 times per year

A one-day catalytic experience. Powerful teaching, interactive activations, real connection, and a clear call to commit to the next 6 weeks.

This is the doorway.

Altitude 2 — The Journey: The 6-Week Growth Cohort

Frequency: launches after each Growth Day · ~30 participants per cohort · paid program

A guided 6-week program for committed participants. Each person builds their personal growth plan, chooses 2 areas to grow in (from C.L.E.A.R. or the Spiritual Track), and walks through it with a coach, a guide, and a community.

What's included:

- A daily 5-minute audio ("The Daily Fire") — Word, principle, and 1% micro-action.
- A Growth Journal & 1% Card to track daily action and weekly reflection.
- Bi-weekly live seminars (3 over the 6 weeks) with Denis Ekobena and guest leaders.
- An AI Growth Coach trained on our teachings and frameworks, available 24/7 in EN & FR.
- An accountability triad — 2 peers + a Growth Guide.
- A graduation moment — testimonies, declarations, and an invitation to advance.

This is where the transformation happens.

✨ The Spiritual Growth Track (optional add-on inside the Cohort)

For participants who choose spiritual growth as one of their two areas, we offer a deeper bundle:

- A guided Bible reading + meditation plan for the 6 weeks.
- An additional weekly Spiritual Growth devotional in audio form.
- Specific exercises on prayer, surrender, character, and capacity.
- A prayer partner within the cohort.
- A closing consecration moment at graduation.

You don't have to choose this track. But if you do, the full package is yours.

Altitude 3 — The Rhythm: The Daily 1% Practice

Frequency: lifelong, for alumni and the community

Even after the 6 weeks end, growers stay connected through:

- The Daily Fire audio (continued for alumni).
- Monthly check-in seminars.
- The community of growers and Growth Guides.
- Eligibility to be selected for the Own Your Growth Mastermind — our deepest, most exclusive 6-person leadership track.

This is the lifestyle.

> *Together, these three altitudes turn Growth Day from an event you remember into a rhythm that reshapes you.*

8. Frequently Asked Questions

Who is Growth Day for?

Purpose-driven professionals, team leaders, entrepreneurs, nonprofit and church leaders, students, and anyone ready to grow. Whether you lead others or want to lead yourself better — you belong here.

Do I need to be in a leadership position?

No. If you influence anyone — at work, at home, in your community — you are a leader. Growth Day will help you lead with greater clarity, confidence, and purpose.

Is this a faith-based event?

Growth Day is purpose-driven, faith-informed, and inclusive. It is hosted by FIRE Church and led by faith-driven leaders, but the teaching, tools, and frameworks add value to anyone — believer or not — who pursues growth, impact, and excellence. For those who want to go deeper spiritually, a dedicated Spiritual Growth Track is available inside the 6-Week Cohort.

Is Growth Day just a one-day event?

The event is the doorway. The transformation happens in the 6-Week Growth Cohort that follows, supported by daily audio, live seminars, an AI Growth Coach, and a community of growers. You can attend the day alone — but those who step into the journey are the ones who change.

What can I expect from the day itself?

Powerful teaching sessions, interactive reflection, growth activations, connection with like-minded growers, and tools you can apply Monday morning. It's a launchpad, not just an inspiration.

How does enrollment into the 6-Week Cohort work?

Every Growth Day attendee is invited to apply for the next cohort, which begins shortly after the event. Cohorts are limited to ~30 participants to protect depth, accountability, and personal attention.

What does the 6-Week Cohort cost?

The Cohort is a paid program — pricing will be announced with each enrollment window. Group, partner, and scholarship options are available for those who need them. No one ready to grow will be turned away for cost reasons.

Is the Growth Day event itself free?

Growth Day offers both free and paid tickets. Refreshments are available throughout the day for everyone. Paid tickets include lunch and a drink, along with a few extra perks. The full ticket options for each Growth Day will be listed on the event registration page.

What languages is it available in?

English and French. All core programs (event, cohort, daily audio, AI coach) are fully bilingual.

Are group or team tickets available?

Yes. Teams attending together build culture, align vision, and grow collectively. Discounted group packages and partnership opportunities are available.

How often does Growth Day happen?

Three times a year. Each Growth Day launches a new 6-Week Cohort.

9. Our Promise

If you show up — really show up — to Growth Day and the journey that follows:

- You will leave with a clear personal growth plan in 2 specific areas.
- You will have a daily rhythm you can sustain for life.
- You will be surrounded by a community that will not let you stay small.
- You will gain tools, frameworks, and language to grow yourself and grow others.
- And, if you choose the Spiritual Growth Track, you will encounter the One who is always inviting you to grow.

> *"I will not stay small inside. I am growing in wisdom, skill, and grace. I will rise and multiply."*

Welcome to Growth Day.

Ready. Set. Grow.

PART 2

The Event Blueprint

A generic, repeatable run-of-show for every Growth Day

Theme, speakers, and content change each edition.

The experience itself stays consistent.

A. The Philosophy of the Day

Three energies have to live in tension all day long:

Energy	What it produces	Where it lives
🎉 **Celebration**	"I'm in the right place, I belong, this is alive."	Arrival, transitions, music, activations
🔥 **Confrontation**	"I'm not where I should be, and I want more."	Speaker sessions, panel, reflection
🚀 **Activation**	"I'm leaving with a plan, not just a feeling."	Cohort enrollment, declarations, sending

If any of these is missing, the day collapses. Too much celebration leaves empty energy. Too much confrontation leaves the room heavy. Too much activation feels transactional. The art is the rhythm between them.

B. The Arrival Experience

Before the program even starts.

The first 15 minutes shape everything. People should feel something the moment they enter.

🎪 The Welcome Tunnel

- A welcome team forms two lines at the entrance, clapping, cheering, high-fiving every person who walks in.
- Greeters say things like: "Welcome, grower!" · "Today is your day!" · "Glad you came!"
- Background music: high-energy, celebratory.

🎈 The Atmosphere

- Balloons suspended from the ceiling and being tossed around the hall.
- Growth Day banners and the rallying phrase visible everywhere: Ready. Set. Grow.
- A photo wall / "I'm Growing In ____" backdrop for selfies and social media.
- Music live or DJ — upbeat, no slow songs yet.
- Refreshments table open from arrival.

🎟 Check-In & Swag

- Smooth check-in at the door (paper list or QR scan).

Each attendee receives:

- A name tag with first name in large print + a blank space: "I'm growing in ____" (they fill it in).
- A Growth Day workbook (1% Card sample, session note pages, cohort info inside).
- Paid ticket holders also get: a Growth Day t-shirt + a meal ticket.

> *The energy at the door is non-negotiable. People walk in nervous or distracted. The welcome tunnel breaks them open so they're ready to receive.*

C. The Generic Run-of-Show

8 hours · modular · can be compressed to half-day if needed

This is the skeleton. Each element has a fixed slot, but the content inside each slot changes per edition based on the theme.

Time	Block	Duration	Energy
8:00 – 8:45	Arrival & Welcome Tunnel	45 min	🎉
8:45 – 9:00	Opening Atmosphere — Worship / Music / Dance	15 min	🎉🔥

15:45 – 16:00	Growth Declarations + Closing Send-Off	15 min	🔥🎉

Total: 8 hours · 16 blocks · 5 teaching sessions · 1 panel · 3 activations · 4 high-energy moments · 1 enrollment moment · 1 explosive close.

D. The Five Speaker Sessions

A template — the theme fills in per edition.

Each Growth Day will have its own theme, but the role each session plays stays the same. Speakers are briefed on which slot they're filling so the day has a clear narrative arc.

#	Slot Role	Purpose	Length	Tone
1	The Wake-Up Keynote	Confront stagnation. Establish "why growth, why now."	35 min	Bold, prophetic
2	The Diagnosis	Help them see what's blocking them.	30 min	Honest, reflective
3	The Bilingual Bridge	Anchor the message in another voice/language. (FR speaker recommended.)	30 min	Warm, accessible
4	The Practical	Tools, frameworks, "how" — Monday-morning ready.	30 min	Tactical
5	The Closing Keynote	The call. The vision. Send them out higher than they came in.	30 min	Inspiring, weighty

The Panel (between Session 3 and lunch)

3–4 people, one host. People who've actually grown — including 1–2 alumni from a previous cohort sharing their before/after. This is the proof.

E. The Three Activations

Non-negotiable — every edition.

Activations are what separate Growth Day from a conference. People must do something, not just listen.

Activation #1 — The Growth Card (after Session 2)

Each person writes on a card:

- One area I want to grow in
- One strength I can use to help others grow

Cards are collected mid-day and prayed over collectively (or honored, in inclusive language) at the closing.

Activation #2 — Spot the Potential (after Session 4)

Each person turns to the person beside them and speaks one of:

- "I see leadership in you."
- "I see creativity in you."
- "I see influence in you."
- "I see wisdom in you."

5 minutes total — short, intense, emotional. Tissues ready.

Activation #3 — Personal Growth Plan (after Session 5)

Using the workbook, each person writes:

- The 2 specific areas I will grow in over the next 6 weeks
- My daily 1% in each area
- My public commitment (name 1 person I'll tell within 24 hours)

This card is the Cohort enrollment form.

F. The Energy Breaks

The moments that make Growth Day memorable and shareable. Three planned across the day:

⚡ Energy Break #1 — Pillow Fight Round (mid-morning)

- Inflatable/foam pillows distributed in selected rows.
- 60-second free-for-all between two halves of the room.
- Music BLASTING. Hosts on stage cheering. Photographers everywhere.

- Host transition line: "That's growth — sometimes it gets messy."

⚡ Energy Break #2 — T-Shirt Cannon / Toss (post-lunch re-entry)

- 30–50 Growth Day t-shirts thrown into the crowd.
- T-shirt cannon if budget allows; otherwise 4 hosts launching by hand.
- Everyone who catches one wears it immediately.
- Optional: shirts say "I'm Growing" on the front and "Ready. Set. Grow." on the back.

⚡ Energy Break #3 — Dance Presentation (opening or closing)

- Choreographed performance from the youth/dance team.
- Theme: growth, transformation, breaking out.
- 4–6 minutes, high production value.
- Doubles as opening worship OR closing send-off.

🔑 Continuous Atmospheres

- Balloons being tossed into the crowd at random celebratory moments.
- Confetti drop at the closing declaration.
- Live band or DJ between sessions.

G. The Enrollment Moment

The most important 20 minutes of the day.

This is what most events get wrong. The day cannot end with applause — it must end with a commitment.

The Sequence

6. Story (3 min) — A 6-Week Cohort alumni stands and tells their before/after in 90 seconds.
7. Vision Cast (5 min) — Denis or the host explains: "What you felt today fades by Wednesday — unless you walk it out. Here's the next 6 weeks."
8. The Offer (5 min) — The 6-Week Cohort: what's included, the price, the spots available (only 30).
9. The Call (5 min) — Everyone takes their Personal Growth Plan card and decides: APPLY NOW (fill out the back, drop it in the box) or NOT YET (keep the card, take it home).
10. The Decision Moment (2 min) — Music. People standing, walking forward, dropping cards in the Growth Day box. Public, visible, joyful.

> *A person who walks out without making a decision will be 80% less likely to enroll in the next 7 days. The decision must happen in the room.*

H. The Closing Send-Off

The last 15 minutes are pure energy and conviction.

11. Growth Declarations (spoken together, on screen).

> *"I will not stay small inside. I am growing in wisdom, skill, and grace. I will rise and multiply. Today I begin. I am ready. I am set. I will grow."*

12. Confetti / Balloon drop / Final t-shirt toss.
13. Closing dance / worship piece.
14. Host's final word: "You came in as you were. You leave as a Grower. The next chapter starts tomorrow morning at 6:00 AM with your first Daily Fire — check your phone. We'll see you there."

I. What Each Edition Changes

The blueprint above is fixed. What changes per edition is content:

Variable	Spring Edition	Summer Edition	Fall Edition
Theme	"Ready to Grow"	"Unblock Your Potential"	"From Potential to Performance"
Scripture anchor	Mark 4:28	2 Kings 4:1–7	2 Peter 1:5–8
5 Session topics	(built around theme)	(built around theme)	(built around theme)
Guest speakers	2–3 new voices	2–3 new voices	2–3 new voices
Cohort focus area	Communication & Attitude	Leadership & Equipping	Spiritual Growth & Relationships

That way the show feels familiar to repeat attendees, but the content keeps them coming back.

J. Production Checklist

Quick-reference for the team.

People

- Event Director
- Host (MC) — bilingual ideal
- 5 Speakers (briefed on session role)
- 4 Panel guests (incl. 1–2 cohort alumni)
- Welcome team (10–15 people)
- Worship/Dance team
- Photographer + videographer
- Tech team (sound, lights, slides)
- Cohort Enrollment team (3–5 people at the box + sign-up table)

Stuff

- Workbooks (one per attendee)
- Growth Day t-shirts (paid tickets + extras for tossing)
- Name tags + markers
- Growth Cards + Personal Growth Plan cards
- Pens (loads)
- Balloons, confetti, foam pillows
- Photo wall backdrop
- Cohort Enrollment box
- Lunch + drinks (paid tickets)
- Refreshments (everyone)

Tech

- Stage, sound, lights, screens
- Slides (theme + sessions + declarations)
- Music playlists per energy moment
- Live-stream setup (optional but recommended)

Next Steps

This proposal covers the foundation (Part 1) and the event blueprint (Part 2). Once the team aligns on this direction, the following pieces will be built next:

15. Step 3 — The 6-Week Growth Cohort: week-by-week curriculum, the 1% Card design, the bi-weekly seminars, and the graduation moment.
16. Step 4 — The Daily Fire: a 42-day topic calendar, format, voice, length, and production workflow.
17. Step 5 — The AI Growth Coach: what it knows, what it does, how members use it.
18. Step 6 — The Application & Onboarding Flow: how people register, pay, and get welcomed into the cohort.
19. Step 7 — The Spiritual Growth Track: full curriculum and devotional plan.
20. Step 8 — Pricing, Tiers, and Partnerships: ticket structure for the event and the cohort.

Questions for the team to consider:

- Does the new positioning (event as doorway, not destination) align with our ministry vision?
- Are we comfortable launching the first 6-Week Cohort at ~30 paid participants?
- What is our timeline for the first edition under this new format?
- Who on the team owns each component (Event, Cohort, Daily Fire, AI Coach, Onboarding)?
- What budget will we allocate to the production upgrades (t-shirts, balloons, dance team, photo wall, AI coach)?

Welcome to the next chapter of Growth Day.

Ready. Set. Grow.
